

# There are so many BEE-utiful reasons to smile.

When you can't find the sunshine, be the sunshine.

Think positive,  positive.

## You've been stung with positivity, honey.

Please enjoy these treats. Hope it lifts your spirits!

Help keep it going. Choose two people who haven't been "stung" and pass the joy on. Make a goodie bag filled with positivity and include a copy of these instructions. Then have fun delivering the anonymous gifts to strangers, family, friends, teachers, essential workers, and others in your community.

Let's cover our entire community (beehive) with joy!

Remember, we're all in this t♥gether!
